DEPARTMENT OF SCHOOL & MASS EDUCATION
No. 27021 / S&ME, dt. 3.10.2000

Non-DPEP

RESOLUTION

The Union Government as well as the State Government have resolved for universalisation of elementary education. As per this goal all children of school going age i.e. 6-14 years should have access to normal school facility or alternate schooling facility. Under this programme, the norm of providing a regular school for 200 population in hilly areas and for 300 population in other areas has been contemplated. It has further been recommended that for such habitations one primary school will be located within a radius of 1(one) km. and one Upper primary school will be located within every 3 (three) kms.

2. It is an acknowledged fact that establishment of more schools and alternative schooling facilities alone cannot contribute to universalisation of elementary education. Unless 100% enrolment and elimination of drop out are ensured, universalisation of elementary education may not happen.

3. Keeping all these in view and with the limited resources of the State, a scheme of 10,023 para teachers (3rd teachers in U.P. school) is mooted. 3 Such para teachers would be responsible for ensuring enrolment of school going children of the designated locality. It shall be their duty to interact with the parents/guardians for regular attendance of their wards. In order to increase retention and check drop out rate, they shall function as a link between the educational institution to which they are attached and the concerned community. Further, they may be called upon to assist the teachers in imparting education in primary/upper primary schools. In consideration of all these factors, the State Govt. have been pleased to introduce a scheme of 'Swechhasevi Sikhya Sahayak' with the following terms and conditions.
